

Drug Discovery in the RNA world

December 11th, 2019, Paris, France

Preliminary Scientific Program

9h30 – Reception of participants and registration

10h00 – Introduction and Keynote Lecture

10h05 – Pr **DISNEY** (Scripps, Florida, USA)

Session 1: Targeting RNAs with small molecules

10h50 – Dr **Gerhard MULLER** (Gotham Therapeutics, Germany)

11h35 – Dr **Maria DUCA** (Université Côte d'Azur, France)

12h10 – Pr **Mélanie ETHEVE-QUELQUEJEU** (Université Sorbonne Paris)

12h45 – Lunch

Session 2: Targeting RNAs with oligonucleotides

13h50 – Pr **Jonathan HALL** (ETH, Switzerland)

14h35 – Dr **Hélène TRAN** (Laboratoires Servier, France)

15h10 - Coffee-Break

Session 3: Studying RNA/ligands interactions

15h40 – Dr **Eric ENNIFAR** (Université de Strasbourg, France)

16h15 – Dr **Alleyn PLOWRIGHT** (Sanofi, Allemagne)

17h00 – Conclusions: Dr **Yann FORICHER** (Sanofi, France)

17h20 – Closing remarks: Pr **Sébastien PAPOT** (Université de Poitiers, France, SCT President)
