

SCT Webinar on EUROPEAN LEAD FACTORY – ELF: 1st announcement
Save the date June 28 2021 at 2PM

European Lead Factory (ELF), a collaborative public private partnership project supported by IMI (Innovative Medicine Initiative) 1 (FP7) & 2 (Horizon 2020), is aiming **to deliver high quality starting points for your Drug Discovery program**

Coorganised with ELF, this webinar is fully dedicated to the French drug discovery community.

Webinar Objective: to present to colleagues from academic research groups and biotech companies in the field of Drug Discovery how ELF can boost their activities in DD in a win-win situation. Open interactive discussions with experts and testimonies will follow after the presentation.
